

THE PROCLAMATION

Bressay Up Helly Aa 2020

ALL GUIZERS AND TORCH BEARERS MUSTER AT THE HALL AT 7.45PM TO COLLECT TORCHES
LIGHT UP AT 8PM PROMPT. ROUTE WILL DEPEND ON WEATHER CONDITIONS TO THE BURNING SITE AT VOESIDE.

Wir Jarl James can usually be found bent over in a bathroom elbow deep in a dirty pipe. Fist raised high with his small (tartan) **army** of vikings. The whole isle **supports** the heatherbrae, galley and mattress burning! Perhaps **Unlikely to Pass** up the ranks and sneak a **port**. With BBQs, shooting, golf and hot tubs did dey have any time to mak suits? Thankfully yes! The hall is sold oot again, some even bought through a Travel agent? They'll be dancing and **swinging** danight and having a **ball** surely.
So heres to good night for wir Jarl James.

Someones gone and crashed his van
Left the pub and off he ran
In someones barn his arse laid low
Pick ups done, nowhere to go
His camo jacket the perfect size
Hid him from the coppers eyes
Not the same for Jim, Mat and Mike
"No officers we rode home on our bikes!
How many pints you want to know?
Hardly any he drinks them slow"
He spoke to Babs back at the scene
"I'll gie d da MOT o dy dreams"
Told ol' Babs he was **BARRY GIBSON**
Grabbed his headlight and geed on da run

Stanleys gone and bashed a wall
Hyundai caused the stones to fall
Thank da lord da wisnae driving
Shares in ~~TENNENT'S~~ malk surely thriving
Weeks it took for you to build
On completion, pierhoose thrilled

Benkled bumper in da night
With no culprit in der sight
Da coppers cam chapping at doors
But who it was nobody knows
Perhaps we've even named dem here
Anidder collision due to beer?

Oh Babsy what an unpleasant end
For your little **mazda** friend
Posts on facebook to tell your story
Your comments really reek of tory
A council bedsit is no point of shame
Destruction derby is the Bressa game

Da Delting boys played at da park
Dir chants designed to rile da Sharks
Da lik o' no heard idda isle
Lik "so and so's a *****"

Oh **Geordie** are you feeling mad
Because the voicebank left was bad?
Take to faceclood to vent **dy rage**
Faceless c***s make you prove dy age

A brand new boat fir wir man Kevin
Inspired by his whalsa brethren?
Anidder langline reelationship?
No so far tae try a dip!

Flicking oot dy bits o bread
Fairfew maa's have aa been fed
Scorie going for da bairns head
Voeseide buddered, avian threat
Terrorising the poor parkrunners
Even when dey reached a hunner

Letters fae da boating club
Dunna ignore it, poor plastic tub!
Hard to refloat, sunk like an anchor
Working too hard tuggin off tanker?

Wool week tours bring home da bacon
What kinda profit is Dyer making?
Bunch of oldies to see some piglets
Caused a stooshie wi da ferry tickets

THINGS WE WANT TO KEN:

1. Ferry's year has been full of woe, Is it just wind or engines dat blow?
2. Who's boots and waders hung up to dry gluffed da wife and caused a cry?
3. No crime or mystery is too small but can da refreshed Perez solve them all?
4. Jarl Squad shields are quite unique but didn't we see James' Nesting week?
5. Was Mary's up for sale?
6. Who went head to head with the Northlink?
7. Who wants a blue badge to match his passport?
8. It's how much to rent the Hjall?
9. Who's the pleepsy pool player?
10. Is the celebrity Christopher Walkin'?

A fluffy jumper pal for Thumper
Breeding plans for this big pumper
Carly planned for him to hump her
Long eared shagger was going to trump her
Rampant Rabbit here he cums
burstin plams began to thrum
Thumpers heart just couldn't take it
The happy rabbit never faked it
Rampant Rabbit started spurtin
For poor Thumper it was curtains

Had enough and down he stood
No longer smeegin in Holyrood
A better offer from his pal Greg
Off to Murrayfield to chase da egg
Da lairds boy handed in his notice
And geed a leg up to his pal Beatrice
Da Doctors boy up fir election
Deposit paid with spinach collection
Willisy if da's wanting eggs
Speak to Tavvy boy instead

All da numbers added in da group
Alerts when coppers come on da snoop
A great thing for da community
Da ferrymen left amidst a mutiny?
Worries about the oncoming heat
A concrete dyke he tried to beat
Poor blue audi's front end crumpled
Sneaky tarpaulin, we still got rumbled

When da westerlys start blowin
Careful where your stern starts going
Ferry boys rush in a flap
Nearly caught linkspan trap
Consequences coulda been dire
When you forget to grab da wire
Whalsa folk wir no best **pleased**
As da Fivla sailed doon to **ease**
Can we get some voicebanks **up**
Trouble in da stormy teacup?

Looks like curtains for da kirk
Meeting melees are bound to irk
No collection fir conservation?
Just a congregation past salvation.

By order & under the seal of the **Bressay Guizer Jarl 2020**

Defacers of our bill will be dragged to the back o da Pierhead to have their arse bitten by midgies!
